Catering Return- child section

- In addition to 'P' and 'F', a new column called 'U' (for UIFSM) for each group will be available.
- When the report is run for students in R,1,2, the new 'U' column will display the same data that would have been displayed in the 'P' column.
- The 'P' column will display 0's for these year groups R,1,2.
- When the report is run for students in years other than R,1,2, the new 'U' column will display 0's and the 'P' and 'F' column will remain as they are.
- There will be an additional column in the Total area called F+U which will calculate the total number of free meals (FSM +UIFSM) the school will need to provide.
- This change is only for the child section of the Catering Return.
- The report will minimise columns if completely 0 to free up space or the report may be re-designed so that year groups appear down the far left column and the days of the week appear across the top (like the Dinner Numbers by Week report). We unable to confirm the approach until development begins.
- The report will work correctly if run for years, classes or tiers.
- When the report is run on previous academic years (before 1st September 2014) the report will not show the changes.

Dinner Numbers by Week

- In addition to 'P' and 'F', there will be a new column called 'U' (UIFSM) for each year group.
- When the report is run for students in R,1,2, the new 'U' column will display the figures previously displayed on the 'P' column. The 'P' column should display 0's for these year groups.
- When the report is run for students in years other than R,1,2, the new 'U' column should display 0's and the 'P' and 'F' column will remain as they are.
- The 'T' column for 'Weekly' Totals will be the total of the 'P' column, 'F' column and 'U' column.
- There will be an additional column in the 'Weekly Totals' area called 'Total Free' which is the total of F and U figures.
- The report will work correctly if run for years, classes or tiers.
- When the report is run on previous academic years (before 1st September 2014) the report will not show the changes.
- The 'Summary' section of the report will include the following new columns- UIFSM, and Total Free.
